

## **Home Watch Update**

Have you received email scams or been subject to another type of attempted fraud? 'Action Fraud' can provide advice and guidance. 'Action Fraud' is a national one-stop fraud shop offering support and guidance to victims of fraud. It launched across the North West on 1 February. They can be contacted on 0300 123 2040.

Have you had someone from a young offender's institute selling door to door and claiming to be on a government scheme? Do not be fooled. There is no such national scheme nor are there any local schemes of this nature.
